PRE-DELIVERY INSPECTION (PDI)
CUSTOM TRUCK SERVICES

CUSTOM
Truck Services

FACTORY-INSTALLED ACCESSORIES

Ready to hit the road—straight from the factory.

Daimler Trucks North America Pre-Delivery Inspection (PDI) / Modification Centers provide custom truck services that range from simple pre-delivery inspections to full hydraulic systems and body installations. Think of PDI Centers as your one-stop shop. Whether decals and unit numbers or PTOs and wet line kits, we offer competitive pricing and fast turnaround on the same accessories and equipment as aftermarket installers. But, when you work with PDI Centers, it's different than a truck equipment manufacturer or upfitter. We know Freightliner trucks. And, since your modifications are assembled at the time of the vehicle build, it's documented for the life of the vehicle—and you can finance the cost in with your truck purchase. The only things you'll lose are

the extra fees. Our strategic location next to the factory means you can say goodbye to transportation and third-party costs. The equipment you need is installed before delivery, so there's no wasted time or lost revenue. Your new truck arrives ready to hit the road.

Dump Body Installations
