EXTREME 122SD TANKER BREAKS THE MOLD

Located in Canada, Truck Evolution is a leader in sales and distribution of truck-mounted equipment in Alberta. Founded in 2011, Truck Evolution sells some of the most technologically advanced truck-mounted equipment available in North America and stocks a complete line of replacement parts to get customers back on the road as soon as possible. Freightliner Trucks' versatile 122SD is a popular platform for Truck Evolution's customers who are looking to tackle the harsh conditions of the oil fields of Alberta, Canada.

FREIGHTLINER BUILDS SAFETY

Freightliner Trucks is an industry leader in the development of passive and active safety systems. When it comes to vocational trucks, not only must the vehicle have advanced safety systems for operating as a truck moving from job to job, it must be up to the special challenges of busy and congested work sites.
